

# WANT TO JOIN THE COOLEST ROBOTICS COMPANY? MARKET RESEARCH ANALYST WANTED IN HJØRRING, DENMARK

Do you possess an analytical mind and have a trained eye for details? Can you identify potential customers that fit the ideal profile for a company and create databases from this data?

At Turf Tank, we want to upgrade our marketing and sales efforts and complete our team with a Market Research Analyst that will work closely with our Global Sales & Marketing teams. Our market research team is the fundamental ground for the success of our sales efforts. As a data analyst, you will be responsible for identifying potential customers and creating databases that can help prioritize our next commercial steps.

## The world's first autonomous line marking robot #coolestrobotever

Turf Tank is the company behind the world's first autonomous line marking robot for sports fields, the Turf Tank One. Over the past few years, we have seen strong growth across the globe. Our unique technology and high performing teams are the key to our current success and plan for future growth. At Turf Tank, you will get to play a central role in our global team of 30 people, while building an amazing career for yourself. Our corporate culture is very entrepreneurial and entertaining. We focus on implementing world class tools, systems and practices, in order to realize our growth ambition.

- Location: Hjørring. Denmark Office
