Wahoo High School, NE Enhances Efficiency in Field Maintenance with Turf Tank

Wahoo Middle and High School is an educational establishment in Wahoo, Nebraska, dedicated to offering the best educational experience possible for its students, both in the classroom and on the athletic field.

CHALLENGES:

- ▶ Labor shortages: Loss of maintenance staff and difficulty in finding workers.
- ▶ Inefficient Processes: Time-consuming and labor intensive.
- ▶ Precision Issues: Stressful and prone to error.

SOLUTION:

Summer of 2023: Opted for the Turf Tank robot to streamline field marking.

PAST	TURF TANK®
Eight to ten people	One person
Strings and manual measurements	Push of a button
Prone to error	Perfect, crisp lines every time
Stressful and unsustainable	Consistent quality and confidence

**SECOND TO NONE.
PERFECTLY STRAIGHT.
NO VARIATION IN THE LINES.**

STREAMLINED MAINTENANCE:

- ✓ Reduces the need for a large team to just one person
- ✓ Deliver an outstanding sports experience

Robert Barry,
Activities Director

“ So going from eight to 10 people down to one from a cost saving standpoint of manpower or volunteers, has been huge for our district in saving that money.

Chad Fox,
Head Football and Track Coach

“ The curved lines that are always really a pain to do by hand are done perfectly with the Turf Tank.
